Mr Peter Shullot  
483 Green Lanes  
London  
N13 4BS

30 August 2007

Dear Mr Shullot

Thank you for your letter addressed to Rory Harvey, our Managing Director. Due to Mr Harvey's current schedule, he has requested that I respond to you on his behalf.

Regrettably, we did not receive your original letter dated 6 July, hence this late reply.

We appreciate your supportive sentiments about negative opinions that can be seen as obstacles to the sale of some types of vehicles. Chevrolet UK is part of a motor industry that takes very seriously its responsibility to produce safe, environmentally friendly products. Modern 4x4/SUV vehicles have borne the brunt of the negative press; however, these views are more and more being challenged with the production of accurate statistics and relevant facts about the type of vehicles made available in the UK.

Chevrolet UK will continue to provide UK customers with the type of vehicles they want, at a price that offers industry leading value for money.

I hope that you continue to enjoy owning and driving one of our products and that you remain a loyal customer in the future.

Yours sincerely

Mark Cox  
Customer Relations Manager
